BIOGRAPHY :

Revolutionary music may seem hard to come by in these times, but that doesn't mean the revolution isn't still brewing. Meet Hawaii's Mike Love – who spreads his positive and powerful message across the globe.

Love developed a unique style and sound rooted in the spirituality and message-based music of reggae and Rastafari, while also fusing progressive and classic rock, soul, blues, flamenco, jazz, classical, and more. At the core of Mike's music is healing – he is an active social, animal and environmental rights advocate, using his music as a tool to educate and unite.

Love's solo performances have since taken him to some of the largest stages in the world. In the USA, he is regularly on the line-up of major festivals alongside *Michael Franti*, *Steel Pulse*, *Xavier Rudd*, *John Butler*, *Stick Figure*, *Ben Harper*, *Rebellion*, *Donavon Frankenreiter*, *Dave Matthews*, *S.O.J.A.* and *Jack Johnson*, as well as at "dub to trans" events. Internationally acclaimed, he has toured in South and Central America, Canada, Europe, Australia, the Philippines, Thailand and Japan.

After a successful international tour in 2023, Mike Love is back in Europe this summer to spread love and good vibes!
